4.4. **Notes on Sections 4.2 & 4.3**

4.4.1. **Events to Count**

The Christmas 10 is not counted in any of the competitions except the Christmas 10 Cup to prevent unnecessary delays in preparing awards.

Multiple rider events do not count towards any competition with the exception of the Evening League 2-up events which count towards the Evening League Scratch Awards but not the Vets, Ladies, Junior, or Juvenile events.

In the event of cancellation of one of the events in the Club TT Programme an alternative, replacement event may be nominated by the Time Trial Secretary after the start of the season (normally these alternatives should be ratified by the Committee).

4.4.2. **Majority of Events to Count:**

“Majority of Events to Count” indicates that a maximum of one event more than half the events actually held in that competition, rounded down, may be counted (e.g. if 14 or 15 events take place, then a maximum of 8 events may be counted).

4.4.3. **Veteran’s Age Standard Plus Time and Total Veteran’s Age Standard Plus Time:**

“Veteran’s Age Standard Plus Time” is the veteran standard time for that rider’s age and gender at that distance as published by the Veteran Time Trial Association (VTTA) less their actual time.

“Total Veteran’s Age Standard Plus Time” is the sum of their best Veteran’s

Age Standard Plus Times at each distance.

4.4.4. **Handicap Time**

A rider’s “Handicap Time” for a distance is their actual time adjusted by their Handicap time for that distance which is set by the Club Handicapper based on their fastest times in the last three seasons at that distance using the Club Handicap Tables. The Handicapper’s decision is final and although a rider may query a handicap, it is not open to appeal.

4.4.5. **Handicap Combined Average Speed over 10, 25, and 50 miles events**

A rider’s “Handicap Combined Average Speed over 10, 25, and 50 mile events” is calculated as:

$(10 \div \text{Handicap Time for 10 mls}) + (25 \div \text{Handicap Time for 25 mls}) + (50 \div \text{Handicap Time for 50 mls})$ divided by three.

4.4.6. **Combined Average Speeds**

A rider’s “Combined Average Speed over 10, 25 and 50 miles events” is calculated as:

$(10 \div \text{Best time in 10 ml events}) + (25 \div \text{Best time in 25 ml events}) + (50 \div \text{Best time in 50 ml events})$ divided by three.

All other Combined Average Speeds (e.g. “Combined Average Speed over 10, 25, and 30 mile events” etc.) are calculated in a similar way.

In each case all the times required by the calculation must have been recorded in the qualifying Events to Count in order to record an Average Speed and qualify.

4.4.7. **Rider Categories**

For the purpose of Club TT Competitions rider age categories are defined as follows:

Juvenile – Until 31 December of the year of their sixteenth birthday.

Junior – From ceasing to be a Juvenile until 31 December of the year of their eighteenth birthday.
